# THEY'RE "OFF IN A BUNCH" IN BIG CONTEST!

## MELENDY MEETS SPECTACULAR DEATH

AVIATOR AND TWO PASSENGERS DIE AS PLANE, IN FLAMES, PLUNGES TO EARTH FROM A HEIGHT OF 2000 FEET.

Residents of San Mateo county were shocked beyond expression early this week when dispatches brought the news that Lynn Melendy, the aviator, had been killed while flying at Fort Bragg. Death came to one of California's foremost birdmen when a machine driven by another aviator collided with the Melendy plane at an altitude of 2000 feet. Melendy's machine burst into flame and dropped through space like a blazing meteor. The aviator and two passengers, young men named Johnson, who lived at Inglenook, Calif., met their deaths in the accident, their bodies being burned beyond recognition. The terrible affair occurred before a great concourse of people, who had assembled to see the Melendy machine and two others perform in the air. The pilots were all experienced aviators, and why the other machine, driven by "Spike" Eldridge of San Francisco, performed as it did, is somewhat of a mystery. Eldridge himself, though he landed safely, was so shaken by the occurrence that he could give no coherent account of the collision.

Melendy had an excellent record as a war aviator. He had served in the United States forces and flew over the German lines many times, having the name of being a daring but careful flyer. After his return from the service he was for a time connected with the Redwood City aviation field, later coming to South San Francisco, where he was connected with the Friesley Aircraft Corporation at its field just south of the business district. He lived in South San Francisco for some time before going to war and owned property in the town. He was known to hundreds of persons in the county.

The dead aviator will be buried at Plainview, Minn., his old home. His body, which has been at Fort Bragg since the accident, was brought to Halsted's undertaking parlors in San Francisco Thursday and leaves for the East this afternoon. It will be accompanied by Mrs. Melendy, widow of the dead aviator. The couple had no children.

## CLUB ORGANIZED TO SUPPORT SHORTRIDGE

Business Men Meet and Organize to Boost Popular Attorney for the U. S. Senate.

A considerable number of the business men of South San Francisco met at the city hall Tuesday night and organized a "Senator Shortridge" club, the purpose being to boost for the election of Samuel M. Shortridge of Menlo Park for the United States senate.

The meeting organized by electing L. G. Hardy Jr. president; Ambrose McSweeney, E. E. Cunningham, Mrs. Mary Di Vita, vice-presidents; E. P. Kauffmann, treasurer, and Robert Speed, secretary. Several more vice-presidents will be added to this list at the next meeting. The following were placed on a committee for new members: E. P. Kauffmann, E. E. Cunningham, J. W. Coleberd, E. C. Peck, S. Nyland, W. J. Martin, George Haaker, Dan Garle, and J. H. Davidson. An executive committee was formed of the following members: Thomas L. Hickey, Ambrose McSweeney, W. J. Martin, E. C. Peck, and J. W. Coleberd.

There was much enthusiasm for the candidacy of Mr. Shortridge shown at the meeting. It was brought out that Mr. Shortridge had lived in this county for many years, had given of his time and labor without stint and without remuneration for many years in movements that looked toward the good of this county and state. It was stated emphatically that through all his years of public and semi-public life he had retained an untarnished record, and that it was the duty of all voters in this region to support Shortridge for the good of the county and bay region. It was also emphasized that the club wished as many members as possible and that there would be no financial obligation incurred in signing the club membership roll.

Another meeting of the club is planned for Wednesday, June 30th, at the South San Francisco city hall.

## BUTCHERS HOLD ANNUAL PICNIC AT IDORA PARK

The butchers of San Francisco, Alameda, and San Mateo counties held their annual picnic Thursday at Idora Park, Oakland. One of the features of the day was a "Wild West" show. Horse races were another feature of the day's activities. A number of local butchers attended.

Misses Stella and Flora Rossi of Bay Shore are guests at the Jennings home on Miller avenue.

## Villa Again in the Saddle

Francisco Villa has notified the new rulers of Mexico that if they do not act in accordance with his wishes he will resume his guerrilla warfare. This is the latest photograph of "Pancho," made at his camp at Las Delicias.

## JURY THINKS FRASER'S DROWNING ACCIDENTAL

Believe Wound on Head Probably Caused by Striking Rock.

The body of George Fraser, a piano dealer of San Francisco, was found in the water near Mussel Rock Sunday. The body was brought to the Lasswell undertaking parlors in Daly City, where it was identified Monday by the man's widow. A small wound on the head led to a suspicion of foul play. Mrs. Fraser stated her husband left home Saturday in good health and spirits, and she had no cause to believe he had entertained any thoughts of suicide or that there was cause for his murder.

A coroner's jury sitting at Daly City Tuesday brought in a verdict of drowning, probably accidental, the autopsy surgeon, Dr. Howard Dixon, stating that the wound on the head might have been caused by striking against the rocks.

Every effort was put forth by Constable Landini and the San Francisco police to uncover any further clues as to just how the man came to his death.

## SWART RE-ELECTED BY DIST. ATTORNEYS OF STATE

District Attorney Franklin Swart was re-elected secretary-treasurer of the District Attorneys' Association of California at the annual convention of the attorneys held at Los Angeles.

## SHERIFF HELD BLAMELESS; MADERIS HEARING TODAY

Some capital has been made by various papers of the fact that Jesse Maderis of Daly City, wanted by county authorities for wife desertion and bigamy, also wanted by the federal government for draft evasion and for desertion from the army and desertion from the navy, arrived in Daly City ahead of Sheriff Sheehan, who went to Kansas City to get the man, who had been arrested there. District Attorney Swart notified The Enterprise this morning that he had gone thoroughly into the matter, and as a result held Sheehan blameless. The authorities at Kansas City released Maderis before the sheriff's arrival for some reason they have failed to make clear. Maderis promptly returned to Daly City, arriving June 15th, and immediately gave himself up.

Maderis will be given a preliminary hearing before Judge Johnson of Daly City this afternoon (Friday). The man is now out on \$500 cash bail.

## AGED SAN BRUNO MAN DROPS DEAD WED.

William Burns, Watchman at Packing House, Dies at Car Station.

William Burns, an aged resident of San Bruno, dropped dead at the Loma Park station at 7 o'clock Wednesday morning while waiting for an electric car near his home. He was employed as a watchman at the Virden packing house in this city and was on his way to work when death came. Persons who were near at the time state that death came without warning. Dr. F. H. Smith was summoned and on his arrival pronounced the man dead. When brought to the undertaking establishment of Deputy Coroner S. Neri, it was found that, besides a Moran Company check for \$24 and some change in his pocket, the dead man was carrying \$219 in currency tightly rolled in his sock at the time of his death. He lived in San Bruno with Charles Doyan in Fourth Addition, and had the name of being eccentric.

The verdict of the coroner's jury Thursday morning was that death came by heart failure.

So far as is known the deceased had no relatives. The funeral will take place today (Friday) in San Jose.

## JOHN LEETS PASSES SUDDENLY AT RANCH

Many Years a Resident of South S. F.; Funeral Attended by Large Gathering of Friends.

John Leets, aged 57 years, for some eighteen years a resident of South San Francisco, died at his ranch in Santa Rosa early Monday morning of a complication of heart trouble and Bright's disease. His funeral was held from the parlors of S. Neri Wednesday afternoon. It was attended by a large concourse of friends whom Mr. and Mrs. Leets had made during their long residence in this region. There were a profusion of floral offerings. Burial took place at Holy Cross Cemetery.

John Leets was widely known in the northern part of San Mateo county and in Santa Rosa, where he had a ranch. He was a brother-in-law of Constable James C. Wallace, of San Wallace, and of Richard Wallace, who was killed by a street car here last week.

Mr. Leets left his ranch Friday feeling ill. Saturday he was seized with convulsions, and died at 1 o'clock Monday morning.

He is survived by his widow, Mrs. Albertine Leets.

The members of the club are putting forth every effort to make the affair a most successful one and to insure every one who attends a splendid time.

## HERE'S HOW TO JUMP INTO THE LEAD IN BIG AUTO CONTEST.

On each five-year subscription to either the South San Francisco Enterprise or The North End Progress of Daly City—or approximately its equivalent in shorter term orders—25,000 votes are allowed, providing same is received during the "first period" while the maximum scale of votes is in force. Then, in addition to the REGULAR number of votes allowed on each subscription, 50,000 SPECIAL EXTRA votes are given on every "club" of \$25 received.

Therefore, two five-year subscriptions (amounting to \$25 in business) means an even 100,000 votes. So it can readily be seen, by glancing at the vote totals opposite, that just a few such subscriptions for any one of the various candidates would at once furnish a new leader in the race.

In fact, an ENTIRELY NEW candidate who, at this time has no votes at all, could, by a little enthusiastic action on the part of themselves and friends, climb at once to the very top of the list and thereby acquire the leadership for the big prize automobile—worth \$1500.00.

And, when one takes into consideration the value of the prizes—six in number—to be awarded, besides a guaranteed cash commission to active non-prize winners, they are certainly worthy of any effort it might take to win them during the few short weeks this contest is on. Let's go!

## IT'S ANYBODY'S RACE FOR BIG PRIZE CAR

TODAY MARKS REAL BEGINNING OF GREAT CONTEST WHICH ENDS SATURDAY NIGHT, JULY 24; NO QUITTERS IN THIS RACE; BEST WORKER WINS FINE CAR.

They're off!

The bars are up, the track is clear, and every one of the enterprising and ambitious candidates who are entered in The Enterprise-Progress big automobile prize contest has "right of way." The preliminaries are now over and the race for rich prizes, headed by that splendid 1920 model "Baby Grand" Chevrolet touring car, worth \$1500.00, is now on in earnest.

Following this article will be found the first published announcement of the standing of the candidates, showing the number of votes cast for each up to Wednesday noon of this week. Each competitor has started in the race with a vim, determined to win or to know the reason why, and the battle royal now in evidence is attracting widespread interest over the entire north end of the county.

Several of the most aggressive candidates have started in the race with a goodly number of votes to their credit, but the leaders of today do not necessarily indicate the winners by any means, as five and a half weeks remain to bridge the chasm now existing between the highest and those having the fewest votes.

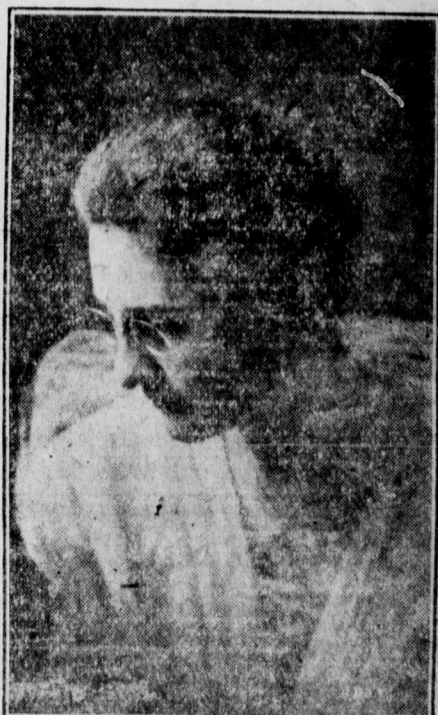

## Don't Get Discouraged

Don't become discouraged because you are not at the head of the list in this week's vote count. The contest is just in its infancy, and there is not a single candidate among those listed below, or, for that matter, an ENTIRELY NEW CANDIDATE, who could not, if the proper interest and effort were put into the matter, secure enough votes and subscriptions by this time next week to lead the entire field.

When one takes into consideration the fact that 50,000 SPECIAL EXTRA votes are allowed on each "club" of \$25 turned in, besides the REGULAR number of votes allowed on each subscription, it can readily be seen how high vote totals are obtainable.

and that no one, so far, has a "walk-away" for the prize automobile.

### Time Is Limited; Get Busy

Now is the time for those who are competing in this race to "make dust fly." Only two and a half weeks remain in which to secure "first period" votes—the MAXIMUM number to be allowed; two and a half weeks in which to WIN or LOSE, for that is exactly what it means. After July 3d there is a material decrease in the schedule of votes; and, after July 17th, there is a still further decline on the scale of votes—in fact, it is cut almost in half.

Our best advice to those who wish to win is to hurry every available subscription to the contest department now while the big votes are in force. Not to do so simply means that you are throwing golden chances away, chances that may net you the big prize "Baby Grand" Chevrolet, worth \$1500, a free summer vacation trip to Yellowstone Park, with all expenses paid, or something else equally attractive.

### No Quitters Here

Candidates, you are off at the post now, and the pace is growing hot. Your ability and popularity have been demonstrated. Can you finish strong, as you have started, with the best talent and the keenest wit in northern San Mateo county pitted against you? You certainly can, if your courage does not fail you now! Who can finish victorious in the face of keen competition? If we know character at all, we opine that no such miserable thing as a quitter will appear among those who have entered The Enterprise-Progress race. Certainly the winners will be entitled to admiration for defeating such a field, and as certainly will commendations be the due of those who "die game."

Get in the race with a shout, for you're off in a bunch, and MAY THE BEST CANDIDATE WIN!

### GRADUATING CLASS GIVES PRESENT TO PRINCIPAL

The graduating class at the South San Francisco grammar school, presented their principal, A. C. Kleemeyer, with a fine silver Ever-ready pencil Wednesday at the school. Mr. and Mrs. Robinson are now taking a honeymoon motoring through the southern part of the state. On their return they plan to make their home in Daly City.

## How Many Homes Have You Paid For?

And how many homes do you own today? Recently a man came into our office that had decided years ago to apply his rent money toward the payment of a house. He soon rented the house to another fellow and his rent paid the balance on the house. He bought himself another one and another one, until today he owns several homes and has quit work. The rent money he now collects means a substantial income to him. The future is sure, bright and smiling for his wife and children.

Rent day never comes around to the man who owns his own Home.

A deed to your home is the best form of life insurance you can have.

We will build you a house to order, exactly as you plan it and upon a lot that suits your ideas. A small payment down and your rent money will pay for it. The man who owns his own home not only saves rent but makes money on the increased value in his property.

### SAD BUT TRUE.

June 14th, "Flag Day," made so by act of congress and proclaimed by the governor of California, was disregarded and ignored by the residents of South San Francisco.

Monday the flag was raised over the public schools and over one private residence in this city, and that was all so far as we could see. At the hotels, the stores, the churches, the public and semi-public buildings, Flag Day was marked by the absence of the flag. Even over the one and only government building in this city the flag was absent. Maybe it was in hiding or maybe its absence was due to the fact that our postoffice is only a branch of the postoffice ten miles away.

There was a great deal of flag waving during the war. Can it be that the spirit which prompted it is falling asleep?

### GET UNDER YOUR OWN ROOF.

There is one kind of debt which will not call down the thunders of criticism upon the borrower. That is the prudent and necessary debt a young man may assume in order to buy a home. Such an investment partakes of some of the virtues of life insurance. It is a forefending against the day of misfortune.

The young man who sets out to own his own home is planting the best kind of an anchor to the windward. Kept within the bounds of modest restraint and in fair proportion to his means and earning power, a home investment becomes a rock of Gibraltar to the worthy citizen. It makes him more independent, self-respecting, industrious and self-reliant than he otherwise would be. He takes a larger interest in his city, state and nation, for the reason that he now sees in them the larger bulwarks of his own home.

The ideal condition of affairs would be for each and every family to own its own home. To have it clear of debt is the highly desirable thing, but very often this is not possible and should not be looked upon as a discouragement to making the attempt. A real estate mortgage is a sign of thrift. It is a sound savings bank into which may go the surplus funds. It will pay good dividends to the holder because the interest charge is cheaper than tribute to a landlord, to say nothing of the wealth of satisfaction to be gleaned from sleeping under your own vine and fig tree.

The home-making aids can never flourish at their best in a rented house. There is a conflict of interest between the landlord and the tenant which operates to the deterioration of the property. Repairs are neglected through motives of false economy on one part and lack of interest on the other. The tenant gets along without refinements and conveniences which he would be encouraged to provide in a home of his own, and thus life is robbed of some of its possible charm.

We need not feel sorry for the poor landlord if he is forced to sell, because he can find plenty of other investments for his money. It is the tenant who buys that is entitled to the encouragement. He at once becomes a more solid and dependable citizen. He is an asset and not a liability to his community.

Take an interest in the home-building movement. Get acquainted with real estate values. Come to know the local agents. They are good men to know. They are the stokers who put steam into the boilers of a city's progress. They are among the bulls and never among the bears when the future is at stake. Never are they more in their element than when at the game of making good home-grown citizens.—Journal of Commerce.

Working in the garden is a great exercise. It is a splendid strength developer and a mind stimulator, and furnishes an outlet for the surplus energy and enthusiasm which you have failed to work off during business hours. Go to it—and stick at it.

Some people are bragging around that we are the richest nation in the world. But we always were that. No country on earth can produce women to compare with ours.

If the wild man of Borneo ever comes to America he will be green with envy. He can't hold a candle to the bad men of the movies.

Woman's influence succeeded in ousting liquor, but we note that man's influence has so far failed to oust anything that woman desires.

Some people just naturally revel in the spotlight. And that, possibly, is the reason other people can so readily detect their spots.

Some men are so averse to recognizing their own faults that they soon become convinced that they are without a flaw.

Every man occasionally forgets himself and tells the truth—and then he generally has a first-class row on his hands.

Some people appear to carry their honor in their pockets, and such pockets are generally full of holes.

The wise man listens to the opinions of others. The fool thinks his own are the only ones of value.

With summer coming along the cost of living surely will begin to decline. Grass is cheap.

The Lord helps those who help themselves, they say—but the judge often gets in the last word.

The man who wants to be right with his fellows should first get right with himself.

Money in pocket gives you a comfortable feeling—as long as you keep your hand out.

Money, they say, is the root of most evil. But if so, getting it must be a whole tree.

Discretion is a valuable asset, but some people carry it to the point of timidity.

The man who minds his own business generally finds that business worth minding.

### SHIPBUILDERS' STRIKE

CALLED OFF; MEN RETURN

The strike of men employed by the shipyards of the bay region was called off last Sunday. This paper was informed by the superintendent's office at the Schaw-Batcher shipyard this morning that many of the old employees, who have been away from the plant since the strike was called October 1, 1919, are now returning to work in this plant. This is good news for residents of the entire north end of San Mateo county, as practically every town throughout this region supplies men to this big plant.

### DROVE TO MENDOCINO CO.; FIND FISH PLentiful

City Clerk Dan McSweeney, together with Tom Winship, John Borden, Charles Roehm, and John Mish, spent the week-end on a trip to Mendocino county on a fishing trip. They report trout plentiful and a pleasant trip all around except for the rain, which made driving dangerous. The party made the entire trip both ways in the rain.

There is one sweet consolation in being poor. We don't have to worry over how to prevent the government from annexing the most of our income.

Scandalously high prices are said to have followed every important war of recent history. That is consoling, but not very filling to an empty stomach.

### "PLAINT OF THE PLAGUED PEDAGOGUE."

I.  
Where'er you go you hear it said  
That teachers lack for daily bread  
In country as in city;  
And how indeed with one dry crust  
They eke a living, since they must,  
From nothing—more's the pity.

II.  
Now I am one who doesn't care;  
A rag, or bone, or hank of hair  
For me is quite sufficient.  
But I object with raucous cry  
To high school students asking why  
They ought to be proficient.

III.  
"Hold off," they shout, "your classic tongue,  
Your French, your poem, said or sung,  
Your essays, sad and funny.  
You may be wise, my learned friends;  
But cash begins where teaching ends,  
We gotta make the money.

IV.  
"Your lore," they cry, "is very well,  
But when you try your brains to sell,  
They're worth about a penny.  
While we may crown your head with bay,  
We hand you mighty little pay;  
And thanks—we haven't any.

V.  
"If studies lead to your sad plight:  
Poor food—poor clothes—brain fag—good night,  
Lead us to something low-brow;  
And as for lessons and high grades,  
Give us, instead, a course in trades,  
We don't want learning, nohow!"

VI.  
Well, can you blame them much, I say?  
They see the contrast every day  
Of teaching and of jobbing.  
The one goes patched and grim to school,  
The other, jeweled, as a rule,  
And with the swells hobnobbing.

VII.  
And so that's how the whole thing goes,  
Take it from me, as one who knows  
The facts in every feature.  
I'd rather lie beneath the sod,  
A mere worm-eaten, soggy clod,  
Than ever be a teacher!

## SUPERVISORS OPPOSE RAISING BOND INTEREST

The board of supervisors of San Mateo county went on record Monday as being opposed to the proposed increase in interest on the \$40,000,000 state highway bonds, voted for by the people last year, from 4½ to 6 per cent.

Supervisor Hickey strongly opposed the sale of the bonds at this time. He cited the fact that the cost of road construction is now so high that the \$40,000,000 would only carry out one-half the improvements that were contemplated at the time the bonds were voted upon, and as a result some of the counties would suffer.

The other members of the board took the same stand and the board went on record as opposed to the plan as outlined.

The board on Monday appointed a committee, consisting of Chairman MacBain, Supervisor Hickey and County Surveyor George A. Kneese, to go to Los Angeles and investigate what is known as "Lite" pavement, which is said to provide a more economical method of road construction.

A petition of the county of San Mateo to intervene in the action of South San Francisco Chamber of Commerce against the Southern Pacific Company to secure terminal freight charges for the above city was presented to the board for consideration and accepted. The petition was referred to District Attorney Swart for necessary action.

## Beauty Chats

By EDNA KENT FORBES

### BEAUTIFYING THE EYES

IN FORM, color and size, the eye must be accepted as nature made it. And yet—there are many ways of making the eye more beautiful, or making a pale and nondescript pair of eyes seem bright and attractive.

It would take too much space for me to attempt to tell here how the eye may be improved in expression. Yet this is the most important point in beautifying the eye, for in itself it is only an organ to convey expression. The softened expression that makes the eyes seem tender, the brilliancy and light that comes with a

Tired Eyes Can Be Rested by Massage. smile, the steady, luminous glow that shines out when an intelligent mind is behind the eyes—these are things the woman herself can do, in making herself attractive.

A few women, actresses usually, have had the eyes slit at the corners to make them larger. But no one should ever attempt this, for close up, the eyes seem artificial, and the operation is not good for the sight. They may be made to seem large by habits of expression which each can study for herself. Long lashes will shade the eyes, and give it depth and beauty and mystery. Perfectly arched brows will do wonders in giving the eye beauty, fine brows give delicacy, heavier brows, character.

Wrinkles around the eyes often add character, too, though in great numbers they give too much the appearance of age. Massage with a flesh-building cream will help keep these away, the motions being from the temple around under the eye, towards the bridge of the nose.

### LECTURE ON MEXICO IS GIVEN AT FORUM MEETING

The Forum meeting on Sunday evening was well attended when Robert Speed talked on Mexico and its needs. The speaker held his audience from the start. Clear, direct and emphatic in describing his experience and stating his conclusions, one felt as if on Mexican soil on a personally conducted tour.

The Mexican scenes later thrown on the screen intensified this impression. In his prefatory remarks, Mr. Speed said that he did not pretend to solve the Mexican problem. "There are as many opinions on this question as there are generals in Mexico," he said, but he would give his opinion and reasons for holding it. He then gave a brief outline of Mexican history, proving that revolution was the normal condition of the country, showing that revolution had followed since 1821, when Mexico won its independence from Spain. Dates and names were quoted to prove that, as a result of these revolutions, Mexico had sometimes had several heads of government within a single year.

The popular local soloist, Joseph G. Walker, was in his best form, opening the program with "The Holy City," accompanied by Jack Martin. Other songs with choruses were sung at intervals. The address was followed by an interesting discussion, in which several took part. The program concluded with the national anthem, Mrs. Maynard presiding at the piano. The general expression was that it was the most interesting of the Forum meetings.

### MRS. EDWARD FARRELL HONORED AT LUNCHEON

Buy a horn. Blow into it. Make a noise for this town. You will be heard.

### WHIST CLUB MEETS WITH MRS. KLEEMEYER

The Afternoon Whist Club met Wednesday at the home of Mrs. A. Kleemeyer. Dutch whist was played. Mrs. Henry Haaker winning first prize. Coffee and cake were served during the afternoon.

### CARD OF THANKS.

To the Public: Please accept my heartfelt gratitude for the sincere sympathy and kindness shown me in my recent bereavement in the loss of my brother, Richard Wallace, and my husband, John Leets.

Respectfully yours,  
MRS. ALBERTINE LEETS.

### Advertise and Keep Alive.

Do you load it at the muzzle  
When you want a shot or two?  
Do you wind it with a watch key  
Like your father used to do?  
How'd you like to hop a horse car  
Like you did long years ago?  
Don't an auto beat an ox cart?  
Well, I rather reckon so.  
Do you argue that an hour glass  
Beats a Waltham all to smash?  
Do you use the same old system  
Keepin' books and countin' cash?  
Do you trim a goose quill neatly  
When you want the ink to flow?  
Don't you think there's been improvement

In the last decade or so?  
Tell us, are you advertising  
In the same old foolish way  
That your granddad did before you  
And persist "It doesn't pay?"  
Think the whole world knows your address?

"Cause it hasn't changed in years?"  
Wouldn't the pathos of such logic  
Drive a billygoat to tears?  
Just a card is all you care for,  
Hidden, lonesome, and unread,  
Like the sign upon the tombstone  
Telling folks that you are dead.  
Wake up, and take a tonic.  
Bunch your hits and make a drive!  
Run a page and change your copy.  
Advertise and keep alive!

### FORESTERS' PICNIC PROVES VERY SUCCESSFUL

The Foresters' picnic held at Lovchen Garden Sunday proved to be a sociable and financial success. The large crowd, mostly local folks, enjoyed the annual reunion, and many carried home some valuable prizes which were won from the wheel of fortune and numerous outside attractions. Dell's jazzy orchestra furnished the music for dancing, which was the main pastime for the younger folks.

Often the man who never lends or borrows hasn't the ability to do either.

## SAYS ALL FILIPINOS WANT INDEPENDENCE.

"It is frequently said that only the politicians in the Philippines want independence, but I do not think such is the case," said Dr. D. M. Gandier, superintendent of the California Anti-Saloon League, who has just returned from the Philippines. "I have met all classes of people from various parts of the islands and all alike seem to me to desire independence. I am inclined to think that they have the ability to govern themselves. We are developing a social and political conscience in America and they will develop one there; and I very much doubt that they will learn as fast under present conditions as they would under complete independence. Independence in some form is bound to come and I am inclined to think that it had better come soon."

## FILIPINO LEGISLATORS DEBATE IN ENGLISH.

The English language recently was used for the first time in the debates of the Filipino House of Representatives.

The fact was cabled to the United States Insular Affairs Bureau. The principal speakers were Messrs. Benitez, De Guzman and Virata. These members are graduates from the University of the Philippines.

English is taught exclusively in the public schools of the Philippines, and it is announced, will continue to be if independence is granted. According to an estimate based on the census just completed, seventy per cent of the inhabitants of the Philippines over 10 years of age are literate. This is a higher percentage of literacy than that of any South American country.

## Last Night's Dreams

—What They Mean

### DID YOU DREAM OF GARDENS?

Freud relates a long and complicated dream of a garden which he proceeds to analyze, making the apparently innocent vision of the night a series of dream symbols for repressed animal emotions which got past the dream-censor; that part of our psychic intelligence which is supposed by him to play the part of the late Anthony Comstock in Dreamland—disguised as the usual contents of a garden. But it must be remembered that Professor Freud is one of the greatest, if not the greatest, of European authorities on neurosis, and it is from the dreams of neurotics that he has drawn the larger part of the material for his dream theories. It would hardly be fair to interpret the garden dream of a normal person in the manner in which Freud interprets the garden dream of his neurotic patient.

In the analysis of another dream in which flowers appear he traces the connection to the fact that the day before he had talked with a man named Gardner and attended a patient named Flora—which appears quite reasonable.

No normal person need fear to dream of a garden. In fact, to walk in a dreamland garden is a form of exercise most highly recommended by the mystics. Simply to see a garden in a dream indicates good fortune ahead; if you walk in one it is still better. To take such a stroll indicates much money and one's business will increase. It is a good omen for farmers and sailors especially, and to the lover it is a sign that he will not only marry the one he loves but will have all sorts of success in life. But if the garden appears to be weedy and ruinous the omen is not so good. Havelock Ellis takes a garden as a symbol of the ground he has covered in his book, "The World of Dreams," and says: "I have cultivated, as far as I care to, my garden of dreams, and it scarcely seems to me that it is a large garden. And yet every path of it, I sometimes think, might lead to the heart of the universe."

Even the clearest and most perfect circumstantial evidence is likely to be at fault, after all, and therefore ought to be received with great caution. This recipe makes two large square loaves of moist, delicious fruit cake.
